- Common Challenges families face within the Special Ed System

Contact Richard Mullen at RMullen@arcokingcounty.org or 206.829.7036 or Adanna Abakporo at AAbakporo@arcokingcounty.org for questions or to RSVP.

Program Details

This program prepares parents to support other parents navigating the special education system. IEP Parent Partners are NOT professional advocates or legal representation. Rather, they provide knowledge and skills that empower the parent to successfully engage with their child's education. IEP Parent Partners are volunteers who will be connected to one to two families in need and provide support such as attending IEP meetings during a one year period. Background check is required to participate in the program.

All participants will receive a certificate of completion at the end of the program!

ATTENDANCE AT ALL 5 SESSIONS REQUIRED

Tuesdays
4:00pm - 7:00pm
