Film documentary & discussion

What's with all the meanness online? What's going on? The UPSTANDERS explores cyber-bullying, bullying among friends, families, co-workers, and the brain science behind it all. The film highlights new laws and programs already making a difference in schools and shows us how to make a difference together to create systemic change.

The UPSTANDERS is about resilience and the power of connection to end bullying and provides resources, tools, and hope.
